

## GERMANY'S PLEA FOR PEACE NOW BEFORE ALLIED GOVERNMENTS

Will Determine Whether They Are Disposed to Accept President Wilson's Principles of Settlement, to Which Germany Subscribes—Time of Decision Unknown.

WASHINGTON, Oct. 24.—Germany's plea for an armistice and peace now is before the allied governments which are to determine whether they are disposed to accept President Wilson's principles of settlements, to which Germany subscribes, and, in accord with the United States ask their military advisers and those of America to prepare the terms of an armistice which virtually will mean surrender by Germany.

In various public utterances, the premiers and other leaders of the entente powers have repeatedly declared President Wilson's statements in his address of January 8 and subsequent addresses reflect their own views. Something more official and binding is required now, altho it is regarded here as a foregone conclusion that this approval will be registered and that the officials of the supreme war council will be invoked to prepare the fateful document which will define the conditions under which Germany may secure relief from the incessant hammering of the victorious allied and American armies.

No one here today would undertake to forecast the probable time of a final decision on Germany's plea. It is known, however, that the supreme war council already has given the matter earnest consideration. It was recalled there was no delay in notifying General d'Espèry, the allied commander on the Balkan front, of the terms that should be laid down for Bulgaria when that nation asked for an armistice. The general principles in each case probably are similar but there will be a great variance in the details, since not only is a greater army and nation to be dealt with, but the question of large naval forces as well.

### Will Inject New Points

Certain utterances of entente statesmen and of inspired official organs have led to the surmise here that, while accepting the terms laid down by President Wilson there may be a disposition to inject new matters to meet individual demands and to propose new points based upon ever shifting conditions. It is believed, however, that if such should prove the case the new points probably would be dealt with in connection with final peace negotiations and need not delay the consideration of the form of armistice. The United States already has capable army and naval officers in Europe prepared to deal with the technical questions involved in an armistice and it should become necessary to consider political issues.

President Wilson also will be amply represented by chosen agents. The entente powers whose duty it is to deal with these political questions can be speedily assembled at the most convenient entente capital to meet the President's representatives.

General approval of the President's reply to Germany and of his action in transmitting Germany's request to the allied governments was voiced here today in official and diplomatic circles. Altho several senators were known to have prepared addresses on the subject there was no discussion of the merits of the plea. Most senators, both privately and in public statements praised the President's course. Senator Lodge of Massachusetts the Republican leader who disapproved the note was ready to speak today and it was said that when the senate reconvenes Monday after a three days' recess, there will be a general peace discussion.

### Wilson's Terms Without Precedent

Two points in the President's note generally emphasized in official circles were his plain notice that the only kind of armistice acceptable to the United States is one carrying with it virtual surrender and that even if those terms are complied with there can be no dealings looking to peace with the Kaiser and the German war lords. Terms laid down by the President for an armistice were said to be without precedent in the history of warfare.

Usually an armistice is defined as a suspension of hostilities for certain specific purposes, such as peace negotiations and involves simply maintenance of the status quo on each side. But the President has laid down the demand that the armistice shall make it impossible for the German army to again renew hostilities. No mention was made in the note about evacuation of invaded territory but far more than that would be necessary to meet the President's demand.

### Must Work Out Details

Details of the armistice must be worked out by the military advisers of the governments associated against Germany. They would include conditions under which the German armies would evacuate Belgium and France, occupation of strategic points in Germany by allied and American forces so as to remove the possibility of a renewal of hostilities, demobilization of the German army, restrictions on the manufacture of supplies and munitions, occupation of strategic naval bases and internment of German naval vessels and submarines. Officials don't overlook the fact that a check to orderly preparation for

## WAR SUMMARY

News of Activities On Various Battle Fronts in Summarized Form By Associated Press.

On several of the most important sectors in France—from the region of Valenciennes to the east of LeCateau; north of Laon between the Oise and the Serre rivers and on the front of the Meuse river to the vicinity of Grand Pre—battles of a sanguinary character are being fought. In these the British, French and American troops everywhere are making progress against the stubbornly resisting Germans.

In Belgium the Allied forces owing to the rapid retreat of the enemy and the flooded condition of the lowlands have not yet been able to come into full contact with the Germans, but doubtless a few days more will see them again hard after their quarry and driving him farther toward his own frontier.

South of Valenciennes the British third and fourth armies with which Americans are co-operating have continued successfully to press onward with Mons and Maubeuge their objectives. Valenciennes is gradually being enveloped and soon is destined to be pinched out of the fighting line by turning movements from the north and south in the manner generally adopted in the present day tactics when it is more desirable to employ a strong position than to waste life and limb in reaching the objective by a frontal attack. The Germans in this region continue to use numerous machine guns to retard the advance of Field Marshal Haig's men, and the artillery of both sides is violently active. British aviators are materially aiding the offensive by dropping bombs behind the line or flying low and cutting through formations to place with machine gun fire. South of the Oise river the French are making sharp thrusts against the enemy with the intention of clearing out the entire triangle between Flavigny and Montcornet and taking all the railroad lines within this region and also blotting out the salient that still exists there. The Germans are strongly counterattacking on all the fronts of attack, but the French have ward off their efforts to regain lost territory and have gained ground south of Montcornet one of the principal railway junctions in this region.

North of Grand Pre and north of Verdun, in the sector lying between the Moselle river and north of the Argonne forest the Americans have cut further and deeply into the enemy's line despite the continued extremely heavy use of machine guns and artillery by the Germans. American aviators are dropping bombs behind the enemy lines while enemy aviators are returning the compliment by bombing towns inside the American front.

### CHARGED WITH SWINDLING FOREIGNERS

CHICAGO, Oct. 24.—Charges of swindling foreign born residents of Chicago on a large scale made against S. H. Dodson, a promoter, became known today with the announcement of his arrest in Tulsa, Okla., on a warrant sworn out by Philip J. Barry, of the local federal bureau of investigation. Dodson is alleged to have posed as a United States land office official. He has been under federal indictment since 1915.

In disposing of all lands, federal officials said Dodson when asked for credentials showed a \$1 bill saying: "Well, there's John Burke's signature—assistant treasurer of the United States. He and I are working for the same concern. What more do you want?" This trick earned him the title of "Dollar Bill" Dodson.

### WILSON'S LATEST NOTE SENT BROADCAST

WASHINGTON, Oct. 24.—President Wilson's reply to Germany was sent broadcast to the world from the Arlington naval radio towers last night after the official text had been put on the cables. It not picked up directly by the great German station at Nauern, it undoubtedly was relayed from other points in Europe in time to reach Berlin this morning.

### WORKING OUT PRICE SCHEDULES

Chicago, Oct. 24.—Price schedules limiting retailers' profits on oranges and lemons are being worked out by the food administration it was announced today. This action is being taken as a blow at profiteers who have taken advantage of the abnormal demand created by the influenza epidemic.

### HOPE POLES MAY CHOOSE OWN GOVERNMENT

Rome, Wednesday, Oct. 23.—In an apostolic letter to Dr. Alexander Kakowski, archbishop of Warsaw, the pope expresses hope that the people of Poland may enjoy the privilege of choosing their own form of government. The communication ends by saying that the Pontiff, desiring to show his good will toward Poland, proposes to make Dr. Kakowski a cardinal at the next consistory.

### FRUIT PRICES DROP

New York, Oct. 24.—Following announcement of investigation by the federal food board of alleged profiteering in oranges and lemons the price of the former dropped three to four dollars per box at public auction here today. Several dealers have been summoned to appear before the board tomorrow to explain the alleged exorbitant prices.

## T. R. AGAINST ORGANIZED PEACE WITH GERMANY

Demands Peace Based On Unconditional Surrender

OYSTER BAY, Oct. 24.—Col. Theodore Roosevelt tonight sent duplicate telegrams to Senators Lodge, Poindexter and Johnson.

In his telegram Colonel Roosevelt said President Wilson's fourteen principles are "thoroughly mischievous."

"As an American citizen I most hope that the senate of the United States which is part of the treaty making power of the United States will take affirmative action against an organized peace with Germany and in favor of peace based on unconditional surrender of Germany."

"I also declare against adoption in their entirety of the fourteen points of the president's address of last January."

"Let us dictate peace by the hammering guns and not chat about peace to the accompaniment of the clicking of typewriters."

"The language of the fourteen points and the substantial statements explaining or qualifying them is neither straightforward nor plain, but if construed in its probable sense many, and possibly most of these fourteen points are thoroughly mischievous and if made the basis of a peace such peace would represent, not the unconditional surrender of Germany, but the conditional surrender of the United States. Naturally they are entirely satisfactory to Germany and equally satisfactory to every pro-German and pacifist and Socialist and anti-American so-called internationalist."

### Only One Offer

"The only offer which we should consider from Germany at this time is an offer to accept such terms as the allies without our aid have imposed on Bulgaria. We ought to declare war on Turkey without an hour's delay. The failure to do so hitherto has caused the talk about making the world safe for democracy to look unpleasantly like insincere rhetoric. While the Turk is left in Europe and permitted to tyrannize over the subject peoples the world is thoroughly unsafe for democracy."

"Moreover we should find out what the president means by continually referring to this country as the ally of the nations with whose troops our own troops are actually brigaded in battle. If he means that we are something less than an enemy of Germany and Austria, we ought to make it clear to the world that we are neither an untrustworthy friend, nor an irresolute foe. Let us clearly show that we do not desire to pose as the umpire between our faithful and loyal friends and our treacherous and brutal enemies, but that we are staunch ally of our friends and the staunch foe of our enemies."

### Time Not Ripe for Peace

"When the German people repudiate the Hohenzollerns, then and not until then, it will be time to discriminate between them and their masters. I hope the senate and the house will pass some resolution demanding the unconditional surrender of Germany as our war aim and stating that our peace terms have never yet been formulated or accepted by our people and that they will be fully discussed with our allies and made fully satisfactory to our own people before they are discussed with Germany."

## "Flu" Epidemic In Army Camps is Improving

WASHINGTON, Oct. 24.—Further subsidence of the influenza epidemic over the country was indicated in reports received today by the public health service from 44 states. The situation still is serious in many localities, however, and more particularly in the larger cities.

There was practically no change today in army camps, 2,772 new cases being reported, a decrease of one from yesterday's total. Pneumonia cases decreased from 742 yesterday to 699 today and deaths were 307 against 327 the day before. The total of influenza cases reported now is 298,275, pneumonia cases 48,328 and deaths 16,174.

Camps Dix, New Jersey and Grant, Ill., where influenza epidemics have been particularly serious did not report a single new case, while only seven were reported from Camp Devens, Mass. The largest number of new cases reported today was from Camp McClelland, Ala., with 123.

Arkansas reported today that the peak had been passed in the larger towns, but that conditions were more serious in the rural districts.

California had reported a total of 45,700 cases. In Florida deaths in the cities and towns increased rapidly early this month but they now show a sharp decrease. In Arizona the disease is spreading to some extent in the mining districts, but elsewhere is on the decline. The total cases reported in Colorado is 11,432, while in other far western states the disease is epidemic in most cities.

Over the south and east generally improvement is shown, but the disease still is epidemic in the large cities. Boston, Providence, Philadelphia, Washington, Indianapolis and Chicago report deaths.

### Dean of Yankee Flyers Decorated By Gen. Pershing

NEW YORK, Oct. 4.—Major William Thaw, dean of American aviators and holder of the French croix de guerre with five palms, has been awarded the American Distinguished Service Cross with two citations by General Pershing. It was announced here today by the Aero club of America.

Major Thaw who was one of the earliest American fliers with the French Lafayette Escadrille and who was transferred to the American service after this country entered the struggle became an American "ace" last June when he was officially credited with having downed his fifth enemy plane.

Major Thaw's brother, Lieutenant Alexander Blair Thaw, who was killed last August, despite his youth was selected to command the first all-American air squadron made up of American fliers flying in American built planes.

### CANCEL CONTRACTS FOR WOODEN SHIPS

WASHINGTON, Oct. 24.—Contracts for fifty wooden barges and fifty composite tugs, designed for use in the New England coal trade have been cancelled by the shipping board. In making this announcement today, Chairman Hurley said the vessels would not be needed because it was found possible to use some of the 3,500 ton wooden ships for this service. The contracts called for an expenditure of \$25,250, but work had not been started on any of the vessels. Mr. Hurley also announced that about 100 wooden ships now building will be so designed that they can be used in the oil trade between Mexico and the United States, releasing the large steel tankers now in that service for overseas trade to maintain the supplies of fuel for the allied navies and armies.

### ASSIGNED TO CAMP GRANT

Rockford, Ill., Oct. 24.—Brig. Gen. Charles H. Barth, former colonel of the 27th Infantry has been assigned to Camp Grant and will take charge of the depot brigade immediately. It was announced tonight, P. M. Redfield, for the past eight months associate field director of the Red Cross at Camp Grant, has been assigned to Fort Sheridan where he will take up the work of reclaiming wounded soldiers.

### ATTACKS WILSON'S LETTER

Washington, Oct. 24.—Chairman Fess of the Republican congressional foreign committee in a statement today attacked President Wilson's letter made public yesterday asking for the election of democratic senators from New Jersey, "as subject of best criticism by voters who have resented the capitalization of the war for party purposes."

## REPUBLICANS AND DEMOCRATS CLASH IN SENATE

Third Clause of Wilson's Peace Terms Vehicle for Debate

WASHINGTON, Oct. 24.—Republican contentions that the third clause in President Wilson's fourteen peace terms, providing for the removal of economic barriers is a free trade plank, furnished the vehicle of a political debate in the senate today. Senator Thomas of Colorado insisted that the president merely meant there should be no prohibitive or irritating tariffs.

Senator Watson of Indiana and other Republicans declared the Republican party objected to fixing by peace treaty or any other treaty the domestic policy of the United States.

Senator Thomas referred to protests by Chairman Hays of the National Republican committee and others against contentions made by Democratic leaders that a Republican victory would be interpreted by the Kaiser and our enemies abroad as a repudiation of President Wilson.

### Refers to Wisconsin Election

Asked by Senator McCumber, Republican of North Dakota, if the last senatorial election in Wisconsin when Senator Lenroot a Republican was elected had any influence one way or the other on the German people, Senator Thomas said he did not think it had.

Senator Smith of Michigan, Republican, referred to conditions preceding the Spanish war and declared that President Cleveland had refused to permit this country to declare war on Spain.

"Cleveland was greatly admired by the Republicans," said Senator Thomas. "He was a very good man, but in my opinion he'll go down in history as the arch-destroyer of the Democratic party."

Senator King of Utah, Democrat, said President McKinley after his election, failed to interfere and that 87 Republicans organized in the house and threatened to act jointly with the Democrats favoring war with Spain unless the president should change his attitude. That he added was after the Maine had been sunk.

Senator Smith declared the Utah senator was partly wrong in his facts, adding there never was any question about going to war after the Maine was destroyed.

### Stand By the President

Senator Williams of Mississippi also charged that "stand by the president" was the Republican slogan in 1893, of which every advantage was taken. The argument was unfair then and is unfair politically now, Senator Williams said.

Senator Smith said President Wilson has earned the gratitude of the American people, but that he is not entitled to dictate to the Michigan electorate who should be elected senator. Senator Williams pointed out that the president has not confined his efforts to Republican states and candidates, but went into Georgia and Mississippi where, he said, Democratic candidates were not regarded as desirable, and opposed their nomination.

In conclusion Senator Thomas said the Republican organization is seeking support for candidates who have been severely attacked for their course regarding the war. He said Senator Norris, the Republican candidate in Nebraska is an honest and upright citizen. "But the senator's record for pacifism," Mr. Thomas said, "is notorious. If I remember correctly he made a speech here placing the dollar mark on the American flag. The man running against him has not such blemish on his record."

In Kansas, Senator Thomas said, Governor Capper, the Republican candidate for senator, is "notorious for his pacifism," while Representative Roberts, the Republican candidate for senator in Nevada, the senator continued, voted against war with Germany.

### Why Interfere in Michigan

"If pacifism is the test, why interfere in Michigan?" Senator Smith asked. Senator Williams, in reply said the speech in the senate in regard to the dollar mark was the American flag, was "disgraceful" and at least had not been made by Henry Ford, the Democratic candidate in Michigan.

While denying that he had any intention of saying anything against Mr. Ford or Truman H. Newberry the Republican senatorial candidate in Michigan, Senator Smith said the Democratic party was guilty of kleptomania when it took out of the "neutral zone" and made him its exclusive candidate.

Senator Williams charged that Newberry spent "a whole lot of money in his campaign. Senator Smith denied this, saying Newberry in his affidavit filed with the secretary of the senate had declared he had not spent a dollar.

Senator Smith asked how much Colonel E. M. House, of New York, and Thomas D. Jones, of Illinois, contributed to the last

## Haig's Men Take 7,000 Prisoners and Many Guns

LONDON, Oct. 24.—British troops have overcome the enemy along the whole front between Sambre canal and the Scheldt and their advance continues. Field Marshal Haig reports tonight. Since yesterday morning the British have taken 7,000 prisoners and more than 100 guns.

The text of the statement reads: "This morning our battle front was extended northwards as far as the Scheldt at Thiant. On the whole battle front between the Sambre canal and the Scheldt the enemy resistance was overcome and our advance continued. There was hard fighting at a number of points. On the right the sixth division fought its way to the edge of the Bois l'Éveque and captured Ors. North of this point we are approaching the western outskirts of the Mormal forest and have captured Robersart.

"On the right center of our attack we have continued our advance to the neighborhood of Le Quennoy."

"In the latter village the enemy is maintaining obstinate resistance. On the left of our attack Anglo-Scottish troops forced crossings of the Ecailion, between Verchaine and Thiant and gained the high ground to the east. We have taken the villages of Poix du Nord and Les Tuilleries and progressed beyond them toward Englefontaine.

"Northwest of Ghisignies we have secured the river crossings at Beaudignies, which is in our hands. Here vigorous resistance was overcome by the New Zealanders who captured a number of batteries, including guns of heavy caliber."

"On the left of our center the English captured Ruesnes and are a short distance from the Le Quennoy-Valenciennes railway, north of the village. There is heavy fighting on the high ground north of Bermerin village, which we hold and in the neighborhood of Vendignies."

"Since yesterday morning we have captured more than 7,000 prisoners and more than 100 guns."

"We have reached the general line of the Sambre-Oise canal, due east of LeCateau; west of the edge of the Forest de Mormal in the neighborhood of Le Quennoy, Vendignies-sur-Ecailion and the Scheldt."

"In the local fighting on the Tournai sector we have made progress and taken prisoners."

### WAR LABOR BOARD MAKES DECISIONS

WASHINGTON, Oct. 24.—Awards in controversies in the cases of ten street railway companies and their employees were announced tonight by the war labor board. Wages were at issue in seven of the cases and in each increases were granted the men.

In the Philadelphia railway company case the board awarded platform men 41, 43 and 45 cents an hour. Women were given 32 and 35 cents and starters were awarded a proportionate increase.

Wages of the platform men on the Kansas City line were 43, 45 and 48 cents and wages of other employees increased in the same percentage.

The Western Railway company employees at Kansas City are given 38, 40 and 42 cents an hour within the city limits.

In the Des Moines, Iowa, case the board ruled that men must avail themselves of arbitration provided for in their contract with the company with right of appeal to board should such arbitration prove inoperative. Reinstatement of men was ordered at Columbus, Ga., where the board found the company discriminated against employees for union activity.

### FREIGHT TRAIN RUNS THRU OPEN SWITCH

Moline, Ill., Oct. 24.—A west bound freight train on the Rock Island road went thru a switch that had been opened to permit another train to set cars on a siding near the depot at Annawan, 25 miles east of here, at 11:45 o'clock last night. Engineer Metcalf of Chicago was killed, fireman Check of Moline and brakeman Wolbenmull were injured. Traffic on the main line was delayed several hours.

### WILL NATURALIZE ALIEN SOLDIERS

Rockford, Ill., Oct. 24.—Federal Judge K. M. Landis, of Chicago, will be called upon to make citizens of 1,200 alien soldiers at Camp Grant next week it was announced tonight. The examining board at the camp is now daily naturalizing 300 aliens who are anxious to fight.

### WORK COMMENDED

Washington, Oct. 24.—The service of Wayne E. Kaufman, a seaman of Whittier, Ia., who lost his life by working as a nursing volunteer at the naval training camp, Detroit, after he had contracted the influenza, was commended today by Secretary Daniels in a letter to the young man's mother.

Democratic campaign fund. When Senator Williams concluded the debate ended and a vote was taken on the military deficiency bill after which the senate adjourned until Monday.

## YANKEES MAKE SHORT ADVANCE AGAINST ENEMY

Three Villages Taken By Americans During Day

WITH THE AMERICAN ARMY NORTHWEST OF VERDUN, Oct. 24.—(By The Associated Press.)—In a local attack east of the Meuse the Americans today advanced about one kilometer on a three kilometer front and the Bois Bultray, the Bois de Houppay and the Bois de Belleu are within the American lines as also is a part of the Bois de Wavril and Pion de Traye.

The advance was made after brief artillery preparation. The enemy's response was principally with machine guns, but during the fighting he shelled the back areas and threw a few snipers into Verdun.

The artillery on both sides was active over the entire American front today. The Germans were unusually nervous owing to the activity of the Americans on both sides of the Meuse. Early this morning American artillery laid down a barrage north of Bantheville, straddling the Frea line. Twenty seven prisoners were taken on when the Americans occupied Hill 271, and east of the Meuse fourteen Germans surrendered and a number of others were taken in the Grandcarre farm and 23 southeast of Alencroville.

In the region of Grand Pre the exchange of machine gun and artillery fire was vigorous, but the Americans stuck with their positions despite the attempts of the Germans to oust them. The Germans repeatedly threw gas shells in the region of Grand Pre and heavily shelled Mareq, St. Javin and other points. One prisoner was taken Thursday who came from a German division which previously had not been identified as operating on this front.

### Four Flyers Return

With The American Army Northwest of Verdun, Oct. 23.—(By The Associated Press.)—4 p.m.—Four of the American aviators of the six reported to be missing since Wednesday's operations have been located in the American lines, two of them having been compelled to land owing to motor trouble. The other two lost their way back home and reported today.

Just before dark Wednesday Eddie Rickenbacker went out alone and encountered two German machines. He downed one of them after a short fight. Lieutenant Jacques Swaab of New York City downed a Fokker machine in flames and sent down a biplane out of control Wednesday.

Lieutenant David Backus of St. Paul is credited with two Fokkers and one biplane in fighting Wednesday. The same day Lieutenant Raymond Sevier of Minneapolis downed a Fokker in flames.

Lieutenant E. H. Kelton of Boston Wednesday night northwest of St. Mihiel, had a fight with German night road striders. Kelton, secured ground searchlights, fired several rounds of machine gun cartridges, the enemy but it is believed all escaped.

### ADOPT MEANS TO SPEED UP CONSTRUCTION

WASHINGTON, Oct. 24.—As a means of speeding up construction work at army camps and elsewhere, the patriotic promotion section of the war department's construction division plans to "bomb" workmen on jobs over the entire country with patriotic messages. The first "bombing" expedition was carried out today by an army aviator who flew over Camp Mead, Maryland, and the second will be tomorrow at Camp Humphreys, Va.

The cards dropped read: "The quick finish of this job will help Uncle Sam to finish the Kaiser over there." and "hammers, trowels and saws are as necessary here as are guns, grenades and bayonets at the front. Neither must be idle."

### RETURNS TO TOKIO

Tokio, Wednesday, Oct. 23.—Roland S. Morris, American ambassador, returned to Tokyo today after absence of a month in Vladivostok and Manchuria conferring with allied and Russian leaders.

## The JOURNAL'S SERVICE FLAG

mailed from Washington as fast as they can be made out, but the insurance is effective if they never arrive, so long as the premiums are paid.

The War Risk Bureau desires to have this information reach the family of every man who has taken out insurance, for some men in the service, thinking they would receive no benefit because of non-receipt of certificates by the beneficiaries, have stopped their payments.

The Bureau of War Risk Insurance has sent out two and one-half million certificates already. More than \$25,000,000,000 worth of insurance has been taken out by the men in the service. Applications are coming in at the rate of \$1,000,000,000 a week.

It is unnecessary to write to Washington for certificates. They will come in due time. In the meantime, the family of every man in the service should urge him to take out insurance, and when he has taken it out to keep up his payments.

### PUT ONE OVER ON THE AUTO.

The people of Illinois have the chance of getting 4,800 miles of hard roads to cost of sixty million dollars at the expense of the auto owners of the state, by carrying the road improvement ballot at the November election.

If the Road Improvement ballot receives a majority of the male voters cast, it will give Illinois a network of hard roads touching every town of importance in the state within five years after the close of the war without one penny of taxation.

The auto owners will have to foot the bill and they are all willing to do so, as it will save them more than it will cost them. Let them do it.

**VOTE YES** on the little road improvement ballot, otherwise you will be counted as voting no.

### A COUNTRY WITHOUT A BUDGET SYSTEM.

Just about the most important measure before congress is the proposal for a budget system of finance. It is surprising indeed, that the financial affairs of this government have been so long operated without a budget system. The plan has long been in force with progressive European countries and has been urged in congress before when the country's annual expenditures were not one-fifth as much as now. When the allies agreed upon centralized military authority and placed the armies under the direction of Marshal Foch, then came the desired results. The same principle applies to government finances, and until there is more systematic expenditure there will of necessity be a vast waste and extravagance at a time when economy is needed in order to conserve the country's resources.

### THEN AND NOW.

The Democrats who are arguing that a Democratic congress should be elected to support President Wilson and are quoting what Colonel Roosevelt said in 1898, are on dangerous

ground. It is true that at that time Colonel Roosevelt sought to impress the need of selecting a Republican congress to support President McKinley, at that time when the U. S. was engaged in the Spanish-American war.

But here's the difference in conditions. In the war preparations of the present President Wilson has received Republican support—and in fact without that support some of the most important measures would not have passed—while in Spanish-American days every Democrat voted against the president and the government in raising money for war purposes. It is worth remembering too that James Hamilton Lewis, now candidate for senator, was then a congressman from the state of Washington and he was not one of the six who supported the president.

### QUALIFIED TO SERVE.

Grant Graff, who is seeking the Republican nomination for assessor and treasurer, is one of the best known men in Morgan county. He is of an old time county family and has spent all of his life here. Possibly no resident has a larger number of friends and acquaintances in every one of the thirty-one precincts of the county. To fill the office Mr. Graff is seeking, one must have an accurate knowledge of property values. Mr. Graff is well informed on this subject and his experience in other offices will be of value to him in his duties as assessor and treasurer. He was not for Mr. Graff will be cast for a candidate who can capably and efficiently manage the important affairs of the office.

### CUTTING COAL PRODUCTION.

The influenza epidemic is interfering with business everywhere, to say nothing of the otherwise bad effects. The epidemic has even cut the production of coal, for hundreds of miners throughout the Illinois mining districts are ill. Fortunately because of the special efforts made months ago, such progress has been made in coal production that the general status now is better than it was a year ago. Some letting down of coal production can now come for a few weeks without seriously inconveniencing the public or interfering greatly with the wheels of industry.

### STILL SEEKING ARMY OFFICERS.

It looks like the beginning of the end of the war when the German note and the president's reply. Nevertheless, America's war preparations are being pushed with greatest vigor. A special drive is being made for officers, as the enlarged army has impressed this need. In addition to the camps now being held, a new training school for infantry officers will be established at Camp Fremont. The appeal for civilians to enter these officers' training camps gives no indication of any immediate end to the great struggle. Without question it is America's delayed but vigorous war policy which put an end to

the Hun vision of world domination.

### OLD MACHINERY.

This is the way that Henry M. Hyde of the Chicago Tribune summarizes the need for a new constitution:

"You own a factory. It was built and fitted with machinery in 1870. It has been running ever since. During its life of fifty years only seven pieces of machinery have been replaced. All the rest is out of date worn out, ready for the junk pile. Other factories have new equipment. They have adopted modern methods.

"But it is almost impossible for you to scrap a single old machine, and replace it with a new one. The law forbids it. So you stagger on, inefficient, wasteful, unable to meet competition.

"Yet you have it in your power to change the foolish law. You can by your vote make it possible to modernize your factory, throw out the old junk and start with a new outfit of tools and machinery.

"That is exactly the situation in the State of Illinois. The fundamental law of the state is the constitution. The constitution was made in 1870. It is almost impossible to amend it. Only seven amendments have been adopted in fifty years."

### 130 MILES OF HARD ROADS.

This mileage would connect the trading centers of Morgan county and connect our main roads with the main roads leading into to adjoining counties. The Sixty Million Dollar State-wide hard road system will give Morgan County about fifty miles of hard roads, and the cost of the concrete road on Morion avenue will be refunded to the county to be used elsewhere in building a hard road.

If the Sixty Million Dollar bond issue carries in November and Morgan County is assured fifty miles of hard road from the bonds, the county can then plan to build the other roads necessary to connect the trading centers of the county under the provisions of the Tice Law and can complete the 130 mile system in the near future and the necessary total taxation for the complete system will not equal the amount of taxes paid by farm property owners in Morgan county during the fourteen years preceding the enactment of the Tice Law during which period farm property paid over a half million dollars in road taxes.

**VOTE YES** on the Little Road Improvement Ballot on Nov. 5, and start the building of a 4,800 mile state-wide system of hard roads entering every county in Illinois as soon as the war is over. The autos will pay the bill without one penny of taxation on real or personal property.

### CAPT. SWALES' RECORD.

There is no doubt or question as to how Captain Swales stands in reference to the building of a monument in memory of the soldiers of Morgan county. He has been a staunch supporter of the movement from its inception up to date, and is now a member of the monument association, and if elected county commissioner at the ensuing election he will see to it that the veterans of Morgan county will get their rights. He gave four of the best years of his life for a square deal among men, and is as firm for that principle today as he was when he helped to plant freedom's banner on the ramparts of its foes. His unswerving loyalty to our government in the present world crisis is well known to all of our citizens who know him to be 100 per cent American. Every contingent of our boys who have gone to the training camps or overseas since we entered the war, he has marched at the head of the local Grand Army Post as escort to the railway stations. At every war meeting and every Red Cross gathering, Salvation Army rally, K. of C. Y. M. C. A. Devotion Day, Fourth of July patriotic parade, Motherhood Association meeting, Colored Men's Civic League, and all other patriotic demonstrations he has been there with his faithful comrades of the Grand Army to inspire, encourage and help the boys who have gone forth to preserve the priceless principles won on the red fields of the civil war.

You all know his record in war and peace and as "He went over the top for you," you can do no less than go over the top for him on the 5th of November. His platform is short and understandable: "Equal Rights for all and Law Enforcement Without Fear or Favor regardless of creed, color, or previous conditions of servitude."

## Rippling Rhymes By Walt Mason

### On the Run.

The Bulgars, slow and stately, consider haste a crime; and so it jars them greatly, the way they're making time. There's horror in their faces, there's anguish in their souls; they hit the higher places, in search of hiding holes. To men who look on hurry as being thither goods, it brings a lot of worry to nuzzle to the woods. I seem to hear them yapping in dire distress of mind, I hear their coat tails flapping, and see the smoke behind. The Turks are lazy critics, they loathe all exercise; they never shirk and outflit they will a hawk and flies. They like to sit round joshing, in some nice shady spot, the while their wives take washing, that gaitie may be bought. But, like the Bulgars, lately, they're bulging for the brush, and oh, it jolts them greatly, this mad unseemly rush! No more the foe they're facing—they're tired of that I guess; they're loping and they're pring like Dexter or Maud S. The words they use are tinting the air around them blue, as they go sprinting, sprinting, the mountain passes through. Why doesn't Wilhelm

hide them for such indecent haste, denounce them and deride them, for showing such poor taste? He has no heart for preaching to Turks or horse mariners; his Huns are also teaching the world what sprinting means.

### BOARD HAS

**EFFICIENCY RECORD.**  
Members of the local board can with reason feel pride in a statement recently by Adjutant General F. S. Dickson in circular No. 125, issued to all local boards in the state. The general subject of the recent circular is "Local board efficiency, report in compliance with circular No. 89," concluding paragraph of this report says: "Putnam and Morgan counties have the best records as their reports came to this office on time and as requested in circular No. 89."

The local board has several times been complimented by officers at cantonments because of the correctness of the records sent with Morgan county contingents, and there have been other outside evidences to prove the efficiency of the board organization here. Now comes the statement from the adjutant general, showing that there is only one other county in the state which has measured up with the excellence of records as compiled by the Morgan county board. Members of the board must share credit with the office force. Mr. Weir, president of the board, said yesterday that members of the office force have performed their duties with a faithfulness and an efficiency which cannot be surpassed. Hours have meant nothing to the office force when work is pressing. They have taken a pride in their work and with patriotic enthusiasm have sought with satisfaction to make a fine name for the Morgan county organization among all the local boards.

Ross Richardson was a visitor in the city of Aranzville yesterday accompanied by other friends.

### CALDWELL FUNERAL HELD AT MANCHESTER

Services Conducted By the Rev. E. T. Peters—Knights of Pythias Ceremony Carried Out—Other News Notes.

Manchester, Oct. 24.—Funeral services for Norris M. Caldwell, who died Saturday after a week's illness of pneumonia, were conducted at the cemetery Tuesday afternoon at 1:30 o'clock. A choir composed of Mrs. E. O. Hess, Mrs. Nova Trunk, Mrs. Jessie Drennan, Mrs. E. E. Rousey, Rev. F. T. Peters and E. L. Maine rendered the songs "Some Sweet Day" and "My Father Knows." Rev. ## Banking Service for Americans Overseas

This is a question that no doubt has presented itself to many men who expect sooner or later to find themselves abroad in the service of Uncle Sam.

**"What is the best possible arrangement I can make with regard to money, and my private business?"**

If you have been accustomed to the convenience of a checking account, or would like to open one, you may wish to know what arrangements can be made to continue your account here, and at the same time be able to draw upon it "Over There."

You may expect to allot a certain amount of your pay for credit to your own account here, or for transmission to a relative. Can this be arranged?

You may wish to keep a certain amount of current funds with you, in whatever country you find yourself, and do this with a minimum risk of loss. All these affairs now can be readily arranged.

**We are able to give to Americans overseas all the facilities of an American bank—you may take your check book with you and use it as you would at home.**

It is this bank's desire to be of the greatest possible assistance to those serving the nation abroad, and we shall welcome an opportunity to talk over with you, and arrange for you, necessary and convenient money affairs.

# TROCO

## At Its Best

## When You Need It Most

THIS is the banner Troco season, the time when we need it most. When melted Troco adds the crowning flavor to that bowl of fresh popped corn. When it is necessary to the enjoyment of our favorite winter foods.

No need for economy—Troco is so moderately priced that all may enjoy it freely. Make those griddle cakes, bake those light biscuits, and the brown waffles that are winter's food delights—

—Make them with Troco and serve them with Troco, spread on with a lavish hand.

### Made By a Special Process

Troco is made from dainty white coconut fat and pasteurized milk by a special process which achieves the flavor only found in the finest table product.

Constant shipments and steady demand insure crisp sweetness.

### Buy It and Try It

One trial of Troco will decide the question of quality. You will agree that it cannot be surpassed by any product, regardless of prestige.

The modest price saves you 15 to 20 cents on every pound you buy. It will be more as the season advances.

But—ask for Troco by name—not for just "nut margarine." You want the quality of ingredient and flavor found only in Troco.

A capsule of vegetable coloring supplied on request.

MOTHER! GIVE CHILD  
"SYRUP OF FIGS" IF  
TONGUE IS COATED

If Croup, Feverish, Sick, Bilious, Clean Little Liver and Bowels.

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty its bowels and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

## FIGHTING THE EPIDEMIC.

Chicago, Oct. 24.—Place an onion at the bedside, draw out the fever of Spanish influenza, point the index finger of the left hand at the moon and make a wish. Then go to work as usual next day.

This and scores of equally ridiculous remedies have been swamping health authorities and physicians of the midwest during the last few days. They come from correspondents in all walks of life and are based on home treatment, witchcraft and voodooism.

Lieutenant Commander Owen J. Mink, Medical Corps, Senior Medical officer at the Great Lakes Naval Training Station, has been "tipped" many times to the great secret. Some correspondents guarantee to stop the epidemic in ten minutes; others in three days. The water in a certain well, one writer informed Lieut. Mink, would bring instant cure. Another writer told him that Indian tobacco sprinkled on the victim's breast thru a perforated baking powder can was a sure cure.

Health authorities in some districts have been told of the famous negro voodooism cures, not only for influenza, but for all ailments.

For instance, under the negro practice, night sweats can be cured by placing a rusty ax edge under the bed. For malarial chills dip a string in turpentine and tie it around the waist, or tie a strand of yarn on the top button of the coat. If this should fail, hang a horseshoe in a peach tree.

For colic, have a person who has never seen his father blow his breath in the child's mouth very early in the morning, and for measles, bathe the eruption in the blood of a black hen. For hic-cough, drink water out of a brass bell while looking at a new moon.

Under negro voodooism, fits can be cured by giving the patient one drop of his own blood drawn from the tip of the little finger of the left hand, and nosebleed stopped by tying a string around the little finger. Pick a wart until it bleeds, touch it with nine grains of corn, throw the corn to the chickens and the wart will disappear.

For rheumatism, heat a pan of grease, put nine live frogs in the pan, stir down to an ointment and rub the joints well, and, according to the voodooism practice, permanent cure will follow.

With the medical profession of the country fighting the epidemic with all the tools of modern science, the freak suggestions have furnished some relaxation for idle hours, leading physicians here say.

## JOHN SLOAN WRITES TO MOTHER

U. S. Army, France.

Dear Mother:

I suppose that by this time you have received my letter stating that we were changing sectors which was mailed on the date of our departure, and of course explains my delay in writing. Well, we located within a few days in one of the nicest little villages in France, one which was almost untouched by war, altho it was in the hands of the Hun at one time but very little damage was done and a majority of the inhabitants have returned and are going about their pursuits as they had done previously. Altho it lasted only a short time it gave us a good rest, a vacation you might call it, and we enjoyed every minute of it—good billets, good eats and very little work.

I have twelve men with me from old unit No. 12, among them a chap who developed into an A-1 cook while with the hospital unit, and we were very fortunate in locating a nice chateau where the madame and monsieur seemed tickled to death to let us have our meals, our cook assisting in the preparation, and for all the world they were just like parents to us and seemed to take a personal interest in each one of us. As I have often told you, my old outfit was composed of some of the very best type of boys in the state, and altho they have become rough and hardened in many respects, their good training is always in evidence, and these good people were very much affected by the manner in which they carried themselves, and apparently felt very bad when we got our orders to commence soldiering again. We were billeted in a kindergarten behind a Catholic church, screening off about two-thirds of the room for our dormitory and it surely was a bon arrangement, good cots to sleep on and plenty of blankets, etc. I will send you a post card picture of the church and I will mark our billet, and perhaps the location of madame's chateau, as soon as I am able to get my baggage.

The French people were always very fond of the American boys especially so since the good showing they have made in battle, and everybody was very good to us and the soldiers certainly know how to appreciate these little kindnesses because in most of the places we hit we never see a civilian.

The Germans, as a rule, when they take a town build large dugouts in the hills or around the place, move all the furniture and valuables from the village into them and destroy the town, in fact it would be hard to find a solid wall in the towns they have evacuated, but their old dugouts are fine. They certainly meant to stay here for some time. It certainly is a pity to see how they desecrated the grave yards and churches in the towns which they held. In the grave yards of even the smallest villages the French have erected the most wonderful tombs that you can possibly imagine and I have noticed that in the grave yard of the town in which we are located at the present time, they opened the tombs, removed the slabs from the floor of the chapel, stacked the coffins along the sides and lived in the vaults. Then when they were driven out they fired on the graveyard. I have a nice souvenir for you which I think the censor will allow me to mail because it can be wrapped in a small light package—a part of a priest's vestment which a Hun had taken to his dugout, for what reason I can't say unless he himself had intended to send it home as a souvenir. Several of the boys have articles of the same kind and possibly I can get one for Agnes. I also saw in a big wine cellar of a town which we passed thru a box of wonderful candlesticks taken from the church which is now level with the ground, but of course it would be impossible to send these home. We run across hundreds and hundreds of things that would make attractive souvenirs but we have to pass them up. You can rest assured that I will come home with a nifty armful, tho. I suppose the best way to do would be to pack them up and leave them with some French firm to be sent home after the war.

The boys are all well and happy, the long string of victories puts their spirits high, and the casualties are extremely light considering the magnitude of the present operations. I only wish you could watch us thru a day, I am sure you would get many a laugh out of it—the boys at their duties, their mess, their wash days, their conversations, all would be a huge joke to you, especially the manner in which we go about the housewife part of the game. And you can bet you wouldn't be the only one who would get a lot of pleasure out of such a visit. To see you right now would cut the war in two for me. We all realize the big and noble part the "folks back home" are playing in this big affair—your worries and anxieties, your whole-hearted support and sacrifices, etc., and it is easy to see that your part is by far the worse—while we have our duties, our good pals and the excitement to carry us thru.

How are James and Francis making out? I haven't heard from James for two months and Francis has never written me—in fact, I have only received two letters during the past two months, one from Marguerite and one from Agnes. I would get my mail much faster if you would leave off the A. P. O. S. No. 18, because I am far from that sector now, simply addressing me to C. O. Corps, Amer-

ican E. F. Write often and I will try to get a letter off to you at least once a week. Take good care of yourselves and of each other and don't worry. With my best love to you all.

Affectionately,  
John.

## FROM BEN H. MCCARTY

Private Ben H. McCarty, who is now a patient at base hospital ward No. 12, Camp Hancock, Augusta, Ga., has written the following letter to his Jacksonville friends:

Just a few lines to my many friends in Jacksonville and Morgan county. I wish to say that I have been a patient at the base hospital here for four weeks and expect to be here for some time yet. I can truthfully say that if it had not been for the work of the Red Cross and the Y. M. C. A. I don't know what we would have done during this awful time we are having, due to the influenza. There were several days we did not have anyone to do anything for us except the Red Cross and Y. M. C. A. workers, and they are always willing to lend a helping hand. We boys sure do appreciate the work they are doing, and urge you to keep these two grand organizations going.

The influenza is letting up a little altho it is still very bad, and hundreds have died from it here. I would not care to tell of some of the things I have seen here since the epidemic has been raging. Fortunately I have so far escaped it.

I will be glad to hear from any of my friends back home as we boys here in these wards day after day sure do enjoy a letter from some one back there. Hoping the Fourth Liberty Loan goes over the top and with best wishes to all, I am,

Yours truly,  
Private Ben H. McCarty.

## FROM CORP. HAROLD STEWART

Relatives of Corp. Harold Stewart have just received the following letter from the young man, who is a member of Ambulance Co. 336, Sanitary Train 309, 84th Division, A. E. F.:  
Sept. 29, 1918.

Dear Folks: Will drop you a few lines this morning. This leaves me feeling fine and located in a very comfortable place. We are in an old residence, no one knows how old, just a short distance from a small village. The church bells are ringing now, very clear and beautiful. There is a small river which runs in about a hundred yards of our lodging, and was sure a useful place yesterday for taking baths and doing our washing. Washing in a running stream is quite a job until you get onto the thing. There was an old French lady on the banks, down on her knees doing her washing like the rest of us. We sure had one time.

This is a pretty country thru here but the people are about 200 years behind the times. They use oxen and carts altogether, and I haven't seen a horse yet in this vicinity. Most everything they raise here is garden stuff and grapes and there sure is an enormous crop of them. Blackberries grow along the hedges in abundance and the French people don't use them at all. A lot of the boys went out yesterday afternoon and picked enough for the whole company for supper. The climate here seems to be much warmer than it is back in the states, at least the central states. I judge it is something like the climate in the southern states. Davis and Wilding and all the boys are feeling fine, so if you see any of their folks you can tell them about them. You can't expect to hear very often from us for paper is hard to get here just at the present time. This is some I brought from the states with me. Will close with love and best wishes to all.  
Harold.

## FROM ROBERT M. COOPER

Sept. 24, 1918.

Somewhere in France.

Dear Folks:

Am still alive and hearty. If I felt any better I would hunt a doctor. Well, I guess I am going to get a chance to get back at the Dutchmen as I am getting close enough that I can hear the big guns a-booming and see the smoke from the shells shot by the anti-aircraft guns bursting in the air, but don't worry about me for I am getting along fine. Am with a fine bunch of fellows who know what they are doing and have been there before. I just wish I could see some of the fellows who don't take any interest in the army back home. If they were here and could see the stream of trucks going and coming from the front and the other things I have seen and been thru they would begin to realize what a big thing this war is.

Say, did my insurance papers come back there? You wanted to know about stamps. I received them after I got over here so will send them back and you can use them.

Will close. From the boy who is in France.  
Private Robert M. Cooper.  
Co. M., 127 Infantry,  
American Expeditionary Force,

## EMERGENCY COMMITTEE IN ACTIVE WORK

Hospital Service Is of Great Benefit — Many Families Also Receive Care in Homes.

The work of the Red Cross emergency hospital committee of which Judge E. P. Brockhouse is chairman, has been most effective during recent days. The committee was appointed less than two weeks ago and immediately began the preparations for the care of patients in an emergency hospital. Arrangements were immediately made for the use of the open air school building and such changes were made that patients could be cared for there in a satisfactory way. There are now 17 patients at this emergency hospital and in addition at least fifty persons not in the hospital are receiving attention through the committee work.

The purpose of organizing the committee was to give aid where it is needed during the influenza epidemic, regardless of the financial standing of the patients. Where assistance is needed and the persons sick have not the means to pay, no hesitation should be felt in applying for help, and the same thing holds true with persons who are able to pay for the service. A number of instances have been found where whole families in comparatively comfortable circumstances are ill and unable to secure any one to do housework or assist in the care of the sick. The fact that the committee served 265 meals Thursday indicates the extent of the service being rendered.

Mrs. Lillian King is the chairman of the committee having this special department of work in charge.

Dr. David W. Reid is the medical member of the committee and although he has been sick himself a part of the time he has been able to render effective service. Too much cannot be said in appreciation of the work of Miss Martha Coale, who has been tireless in her efforts not only in caring for patients at the hospital, but in locating persons in the residence district who greatly needed care and attention. Miss Coale is thoroughly familiar with housing conditions throughout the city and this fact has aided greatly in the work of the committee. A loyal corps of nurses has co-operated with Miss Coale and the young women have allowed themselves only short hours for rest.

The Boy Scouts must come in too, for a part of the credit, for the boys have been of great assistance in driving cars and in taking care of the many necessary errands. There are of course a great many people co-operating in this extensive work and the committee acknowledges with thanks the kindly assistance of a large number of private citizens.

### MICHAEL WHITE DIED THURSDAY AFTERNOON

Well Known Resident Passed Away After Long Illness—Was Born in 1872.

Michael White, a well known resident of the city passed away at his home 223 South East street at 4:15 o'clock Thursday afternoon. Mr. White had been in failing health for the past three years, but his death was directly due to pneumonia which followed an attack of influenza.

Deceased was the son of William and Nora Morrissey White and was born in this city January 29, 1872. He was united in marriage to Miss Gertrude Buhrle September 29, 1903.

To this union five children were born one son, Francis, preceding him in death in 1913. His wife died two years ago. Those surviving are, Harold, Leo, Raymond and Gertrude all living at home. He also leaves two sisters, Miss Mary White and Mrs. James McGraw, both of this city. Mr. White was one of the best known clothing clerks in the city. He began his business career with L. Seiberger and was employed at the Seiberger store at the time of the proprietor's death. When the store was purchased by Myers brothers, he continued with that firm until three years ago when failing health compelled him to give up his work.

He had a large personal following and his services were of much value to his employers not only because of this but also because of his strict attention and devotion to duty and the interests of his employers. Mr. White was a member of the Church of Our Savior and of Jacksonville Council No. 568, Knights of Columbus and had been treasurer of the organization since its inception.

Mr. White was a great devotee of sports of all kinds. He was especially interested in baseball and was a familiar figure at every ball game played in Jacksonville if it was possible for him to be there. He was a type of citizen whose value cannot be estimated and his death will be a distinct loss to the community.

Funeral services will be held from residence 223 South East street Saturday morning at 9 o'clock with burial in Calvary cemetery.

## DEATHS

Richardson.  
V. R. Riley of this city received word Thursday of the death of a nephew, Harry Richardson, at Camp Miller, N. Y.

Death was due to pneumonia following an attack of influenza and occurred on Oct. 18. Harry Richardson is the son of James J. Richardson, of Sadorus, Ill. The remains have been shipped to Sadorus at which place funeral services will be held this afternoon. Mr. Riley left this morning to be present at the last rites.

### Murray.

Miss Mary Murray died Tuesday evening at the home of Michael Carrigan in Plainville, of heart failure. She was born near Woodson and resided in that vicinity for a number of years. She is survived by two sisters, Mrs. Michael Wolfe and Shipman, Mrs. Michael Wolfe residing south of Jacksonville and one brother, John Murray of Plainville. The remains arrived at Woodson Thursday afternoon at 4:30 o'clock and were taken to the old family home four miles west of Woodson. Funeral services will be held at Calvary cemetery at 4 o'clock this afternoon.

**Mandeville.**  
Thomas Mandeville of Woodson received word of the death of Mrs. Nora Mandeville at a m. Friday at O'Neill, Neb. Her husband, Luke L. Mandeville preceded her in death, Dec. 3rd, 1916. She is survived by four sons, and two daughters, Thomas and John Mandeville, of Canada, Martin and Louie of South Dakota and Mrs. James Moore and Miss Mary Mandeville of O'Neill; also two sisters and three brothers, Sister M. Zachary and Sister W. Erna, sister of the Order of Notre Dame, and Patrick Cosgriff of Storm Lake, Iowa, and Brian of Donaphan, Neb., and John, Omaha, Neb., also one son, Mr. Ellen Shelly of Jacksonville, Ill. Her children were all with her for several days before death claimed her. Her funeral took place at O'Neill, Oct. 20.

### McNamara.

The death of Mrs. Andrew McNamara occurred at 9:30 o'clock Wednesday evening at her home, 837 Goltra avenue, after an illness of two years duration. Johanna White was born in the state of Pennsylvania and moved with her parents to this city at the age of two years. She was united in marriage in the year 1877 with Andrew S. McNamara and to this union was born eight children all of whom survive except the youngest son, Paul, who died in 1916. Those who are left to mourn her loss are her husband, Andrew McNamara, and six sons, William, Edward, Andrew, Jr., Matthew, John and Charles and one daughter, Kathryn, and eight grandchildren. She is also survived by the following brothers and sisters: Edward White, Perry White and Mrs. Elizabeth Butler of Jacksonville; Mrs. John F. Murphy of Taylorville; John White of St. Louis, and Mrs. Charles Nyren of Chicago.

The deceased was a faithful member of the Church of Our Savior. Funeral services will be conducted from the residence at nine o'clock Saturday morning and burial will be in Calvary cemetery.

**Henderson.**  
William A. Henderson died Thursday afternoon at his home, 816 West Lafayette avenue. The deceased, who was a son of Elisha and Eliza Henderson, was born July 22, 1842, in Missouri. As a child he came with his parents to this state and the family home was established in the Grace Chapel neighborhood. There Mr. Henderson lived for many years prior to becoming a citizen of Jacksonville. The deceased was married in 1871 to Miss Elizabeth Smith, who survives him. Three children were born to them, all of whom died in infancy.

In 1878 Mr. Henderson united with the Indian Creek Baptist church and thru all the after years lived a consistent Christian life. He was very much interested in the various church activities. As a farmer Mr. Henderson was industrious and successful and he had a reputation for honesty and integrity. Two brothers and two sisters survive. They are J. E. Henderson of McFalls, Mo., Thomas Henderson of this city; Mrs. Alderman of Peoria and Mrs. Ator of Burlington, Kans. Funeral services will be held at 1 o'clock Saturday afternoon at the residence, in charge of Elder Connelley of Waverly, assisted by Elder Flannigan of Curryville, Mo. Burial will be in the Moss cemetery.

### Simms.

John Louis Simms, brief mention of whose death was made in the Journal Thursday morning, was the son of Chatham and Anna M. Prosser Simms and was born in Jacksonville, September 21, 1884.

He was united in marriage at Nashville, Tenn., Feb. 19, 1917, to Miss Angia A. Kins. His widow survives and also one son, Julian Willis Simms of Methuen, Mass., and one daughter, Mrs. Dimmitt Trotter residing three miles northeast of Jacksonville. He also leaves two grandchildren.

Mr. Simms was a member of the Masonic fraternity and was affiliated with the organization at Nashville, Tenn. For many years he was associated with the late Capt. M. H. Lamb in the conduct of a pension office in Jacksonville and after the death of Capt. Lamb conducted the office himself. Recently he had retired from active work.

Funeral services will be held at Diamond Grove cemetery at 4 o'clock this afternoon in charge of the Rev. J. F. Langton, rector of Trinity church.

### Willard Offers Services

New York, Oct. 24.—Jess Willard, heavy-weight champion of the world accepted an invitation to appear in an exhibition bout for the benefit of the United war work campaign in a telegram received here tonight by the sports committee. The message dated Wichita Falls, Texas, read: "Will gladly box for war work campaign."

It was announced that the sports committee would select Willard's opponent and the date and place of the match, which probably will be held at one of the large army cantonments.

WILLARD OFFERS SERVICES

New York, Oct. 24.—Jess Willard, heavy-weight champion of the world accepted an invitation to appear in an exhibition bout for the benefit of the United war work campaign in a telegram received here tonight by the sports committee. The message dated Wichita Falls, Texas, read: "Will gladly box for war work campaign."

It was announced that the sports committee would select Willard's opponent and the date and place of the match, which probably will be held at one of the large army cantonments.

## TRY TO MAINTAIN HOG PRICES

Agricultural War Board Urges Food Administration to Make Good on '13 to '17 Promise.

Seed wheat for spring planting, maintenance of the '13 to '17 price for hogs, and reduced freight charges for farm fertilizers—phosphates and limestone—were subjects of discussion at the first meeting of the Agricultural War Board of the State Councilments of fertilizers be moved of this county is a member.

By a formal resolution the Food Administration Grain Corporation was asked to reserve a plentiful supply of Marquis wheat suitable for seed, that there may be no decrease in the 1919 spring wheat acreage.

Frank I. Mann of Gilman and W. C. Eckhardt of DeKalb were appointed a sub-committee to consult railroad officials at their November meeting in an effort to try to secure material reduction in the rates for fertilizers. The committee will also ask that shipments of fertilizers be moved promptly, as delays may mean decreased crop production for the following season.

Also, the Board determined to make an effort to secure elevators where limestone and phosphates may be stored at seasons when they are obtainable until such times as they are particularly needed.

By resolution the Board asked the Food Administration to endeavor to maintain the price of hogs on the '13 to '17 ratio. A year ago, the resolution set forth the Food Administration promised to use its influence to keep the price at this ratio, as such a price was thought necessary to insure the increased production of hogs which the country needed for its war program. The present price of hogs is below the amount promised, and the resolution says the hog production for 1919 is threatened unless the promised price can be maintained.

A representative of the Fuel Administration informed the Board that there would be no restrictions placed on the farm use of gasoline for food production and practical purposes.

The War Board executive committee will hold another meeting on Nov. 1, at 120 West Adams street, Chicago.

## FUNERALS

**Large.**  
The funeral of James Edward Large, who died at the Emergency hospital Wednesday evening was held at Jacksonville cemetery at 4 o'clock Thursday.

**Washington.**  
Funeral services for Mrs. Anna Washington were held from Gillham's undertaking parlors at 10:30 o'clock Thursday morning in charge of the Rev. J. W. Muse. Burial was in Jacksonville cemetery, the bearers being: Leonard Hill, William Guthrie, Howard Underwood, David Short, Elmer Wagner and James Johnson.

**DeFrates.**  
Funeral services of Mrs. A. F. DeFrates were held from the family residence at 2 o'clock Thursday afternoon in charge of the Rev. Mr. Morris. Music was furnished by Mrs. James A. Scott and Mrs. J. M. DeFrates with Mrs. George Ferreira at the piano. There were many beautiful flowers and these were cared for by Mrs. J. H. Vasconcellos, Mrs. Peckham, Mrs. Martha Day and Miss Elsie Baptiste. Burial was in Jacksonville cemetery, the bearers being John Day, William Sperry, Newton Angel, John N. Joquin, Charles Baptist and Joseph DeFrates.

Rev. J. H. Morris, acting pastor the Northminster church, read passages from the 31st chapter of Proverbs and spoke in a very comforting way to the sorrowing relatives and friends, taking "Mother" as his theme. The minister said: "I am deeply grieved with the daily loss of members and mothers of Old Northminster in the absence of the regular pastor. It seems unfortunate that he is not here to speak to these wounded hearts, but in his absence it is my sorrowful duty to seek to bring comfort to you in this time of grief. So I bring to you God's eulogy of a good mother. A generous eulogy finds some excuse in complimenting a life like this mother has lived in the service of God, but there are times when human language cannot be compressed into satisfactory expression. In this great world we sometimes fail to give due credit to the influence of mothers, forgetting temporarily that it is they that mould the world of righteousness."

"Abraham Lincoln once said: 'All that I am or hope to be I owe to my angel mother,' and similar tributes have been paid by Rev. Dwight L. Moody, Thomas A. Edison and others who have become great in their special lines of duty. It was this same thought that led Jean Paul Richter to say: 'To the man who has had a good mother all women are sacred for her sake.' So in these days as we emphasize the great sacrifices that are being made by the men at the front, we should not be unmindful of silent concerning the sacrifices and the labor of our mothers. The face of the mother in the background instills courage into the heart of the boy at the front and makes for the success of our armies. And as we think of the sacrifices and service performed by mothers, of the soft hand that cools the fevered brow and of the willingness to endure all for the sake of their children, it is no wonder that sons and daughters rise up to call their mothers blessed."

Then the minister made application of his words to Mrs. DeFrates, whom he said in so many ways measured up with the ideals as painted in the scripture.

## AERONAUTICAL MEET IN GOTHAM SATURDAY

NEW YORK, Oct. 24.—One hundred airplanes will participate at Belmont Park Saturday in the greatest aeronautical meet ever held in America. The planes will be manned by fliers who saw service at the front and will perform various squadron evolutions as well as illustrate the tactics employed in actual individual fighting.

Among other features will be exhibitions of bomb dropping and an airplane race in which crack pilots from the various training stations will fly to the Statue of Liberty and return. Efforts will be made to lower the present record of 34 minutes, 38.8 seconds for the 34 miles. The meet will be held under the auspices of the first provisional wing of the United States air service for the benefit of the National Aeronautical committee which supplies the various flying fields with equipment and musical instruments.

## ELECT EXECUTIVE SECRETARY

Philadelphia, Oct. 24.—Dr. Gilbert M. Brink was today elected executive secretary of the American Baptist Publication Society.

Dr. Brink who was assistant educational secretary of the society in the Philippine Islands, succeeds Dr. Guy E. Lammson, whose retirement was announced some time ago.

## EMBEZZLER ARRESTED

Chicago, Oct. 24.—Because it was learned that he had \$7,000 in his suit case, a man was arrested in the hotel LaSalle here yesterday. The federal authorities believe the prisoner is James Aloysius Lonahos, charged with having embezzled \$25,000 when he was a paymaster in the navy yard at London, Conn. Officials of the department of justice said the prisoner had been turned over to naval authorities.

### NERVOUS BREAKDOWN

Miss Kelly Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health

Newark, N. J. — "For about three years I suffered from nervous breakdown, and got so weak I could hardly stand, and had headaches every day. I tried everything I could think of, and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound, and she told me about it. From the first day I took it I began to feel better, and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter."

—Miss Flo Kelly, 478 So. 14th St., Newark, N. J.

The reason this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition, and as a result her nervousness disappeared.

### DR. COLE NOW LOCAL BOARD MEDICAL MEMBER

Takes Place Made By Resignation of Dr. Baker, Who Is In State Health Work.

Dr. Charles E. Cole has been appointed a member of the Morgan county local board, taking the place of Dr. E. F. Baker, who recently resigned. The appointment of Dr. Cole, which has been pending for the past ten days, was approved by the president and information to this effect was transmitted yesterday by the adjutant general to the local board. When Dr. Carl E. Black left the board in order to enter service overseas, the duties of medical member of the board were assumed by Dr. Baker.

It was known at the time that Dr. Baker accepted the appointment merely thru a sense of patriotic duty, realizing that the position meant too heavy a tax on strength for a man of his years. He felt, however, that in the emergency he could take care of the duties for a time and did so in a satisfactory way until he was requested by Dr. C. St. Clair Drake of the health department of Illinois to again enter the service of that department.

Dr. Baker consented to this arrangement and has been placed in charge of the health zones created in connection with army regulations of Danville, Champagne, Decatur, Springfield and Jacksonville. Under these regulations a vice health zone ten miles square must be maintained and it is Dr. Baker's duty to see that the military requirements are consistently met.

Dr. Baker was for many years identified with public health work in this state and is well fitted by experience and education for the work in which he is now engaged.

Dr. C. E. Cole takes up his work as medical member of the board at a time of special activity as a great many men are soon to be examined. He ranks as one of the best known physicians of the county and while exceedingly busy, is willing to make the necessary sacrifice required to perform the board duties. Dr. Cole has unquestioned qualifications for the work and his standing in the community is such that his appointment will have general approval. As already indicated, Dr. Cole is very busy in his professional work because aside from his private practice he has for a number of years been very active in anti-tuberculosis work, that work extending over five or six counties adjacent to Morgan.

A number of the physicians who have all along been identified with the anti-tuberculosis work are now absent from Jacksonville, but the work has still been maintained. It is interesting to note also in this connection that Dr. Cole is a veteran of the Spanish-American war. While in a southern camp at that time he contracted a fever, from the effects of which he has never fully recovered.

### THOROUGHLY FUMIGATED

Our limousines and carriages are given a thorough fumigation on their return from each trip so that there need be no fear of contagion from their use.

### CHERRY'S LIVERY

**REMOVE THE LEAVES FROM GUTTERS**  
Now is the time when leaves are falling rapidly and when trees overtop buildings the gutters and valleys are liable to become clogged and should have attention. Tin is scarce and high and nothing will injure it quicker than rotting leaves and they should not be permitted to accumulate on the metal.

**WILLIAM ROSS WOUNDED**  
John Ross of the east part of the county has received word that his son William, a sergeant in the machine gun battalion, has been wounded in the leg. The father has no other particulars. The young man was for three years a member of Company B of this city and was well liked by his comrades and they and all others will hope for a speedy recovery.

### ATTENTION KNIGHTS OF PYTHIAS

The funeral of Brother Knight William L. Grassly will be held at Jacksonville cemetery Friday afternoon at 2:30 o'clock. Please meet at Castle Hall at 1 o'clock. Will leave house promptly at 1:30 p. m.

### NEED FOR NURSES AGAIN EMPHASIZED

Letters From State Chairman Shows Illinois Must Furnish Three Thousand—Work in Both Army and Civilian Ranks.

The need for nurses in the army service is still being emphasized by the women's organization of the state council of defense. Mrs. A. L. Adams, who is chairman of the local committee, has received the following letter from Mrs. Frederick A. Dow, vice chairman, in which this need is emphasized.

My dear Chairman:  
Recent advice from Washington is to the effect that enrollment of nurses must continue, as the quota from Illinois has not been reached. The following excerpt is taken from the Washington letter:

There is under consideration the possibility of an affiliation between the Army School of Nursing and the Civilian Hospitals whereby their second or third year students may have the opportunity for experience in military hospitals, either in this country or overseas. If this plan should be carried out, more student nurses will be needed than were called for in our first estimate of 25,000.

The Woman's Committee of the State Council of Defense urges you to carry on the recruiting in your community following whatever method you deem advisable and to emphasize the need of this call that the women will "go over the top" as in every other drive, as required by our government. The quota of Illinois is 3,000. Less than one-third of this number have enrolled.

Civilian blanks will be sent to the units as requisitioned only. The supply from Washington is limited and much of the material sent in August has never been forwarded to our office. Army blanks will be sent to the local units when the recruiting agent feels assured that the applicant fulfills every requirement demanded by the Government: she must be white, between 21 and 35 years of age; physical condition good, moral character unquestionable and must be a graduate of an accredited high school, or present evidence of an educational equivalent.

All expenses including transportation must be met by the applicant, as the government makes no financial provision for the same. The recruiting officer is urged to have blanks filled promptly and neatly, also that high school blanks shall accompany applications when such attendance has been claimed by the applicant. Blanks are to be returned when completed to the Woman's Committee, State Council of Defense, Chicago. These will be forwarded to Washington for acceptance or rejection where appointments will be made. The Woman's committee serves only an agent to send out literature and to file a list of applicants for State records.

**BACK FROM MONTANA**  
Mr. and Mrs. S. O. Shuff have returned from a trip to eastern Montana where they visited their daughter, Mrs. John L. Waddell and family. Mr. Shuff says he found conditions generally prosperous out there and people patriotic and in good spirits. A company had leased a large tract of Indian land and had fifty tractors breaking ground for wheat which is a leading crop in that part of the land. He found his daughter and family in prosperous circumstances and well pleased with their western home.

**COACH HUFFORD PROMOTED**  
Former Coach R. C. Hufford writes his friends that he has been promoted to the position of sergeant major. This is doubtless a well earned advancement. The young man has been at the front in France for some time and has served with the artillery. He wrote on some paper captured in a dugout occupied by Germans and like that used by Mr. Talbot it had German words on it. Mr. Hufford's friends will be pleased to know of his preferment.

**SAVE WATER**  
Water in Morgan Lake is getting very low. Water consumers please do not use a drop of water that is not absolutely necessary.  
Joshua Vasconcellos.

**AN AFFECTED FAMILY.**  
Mrs. Kitty Cosgriff Koenig has returned to the city called by the illness of her aged mother. She has been caring for the family of P. J. Crotty east of Woodson, where there were nine sufferers from the prevailing complaint. Help is almost out of the question and the family find it hard to manage in their present condition.

**SOME WATER NOW**  
The recent rain, though gentle and not heavy did a little good in addition to enlivening newly sown wheat and pastures. It started the creek running somewhat lively so that for a few days at least the remnant in the lake will remain. A red sunset yesterday evening indicated a cessation of the downfall.

**CORRECTION**  
An item in the Journal yesterday morning stating that Mr. and Mrs. W. W. Hopper had returned to their home in Denver, it should have read Mr. and Mrs. W. W. Hopper.

**LEASES HOME.**  
Miss Laura White, who has leased her home at 121 Prospect street to G. A. Leach, is to have rooms at the home of Dr. and Mrs. H. L. Griswold on West State St.

### GETTING READY FOR THE BIG DRIVE

Everyone in Illinois Must Contribute to Consolidated War Aid and Relief Fund.

The quota of Illinois to the welfare of the soldiers and sailors in the United War Work Campaign, which opens Nov. 11, has been set at \$12,740,000 by the Central Military Department Committee—\$2 apiece for each person in the state. This makes Morgan county's quota \$54,000. The amount has been assigned by the Illinois executive committee to the counties upon a scientific basis of distribution. The committee took into consideration each county's percentage of population, taxes, property value, banking resources, and actual performance in the Third Liberty Loan and Red Cross campaigns. The organizations to be benefited by the drive are:

Young Men's Christian Association.  
Young Women's Christian Association.  
National Catholic War Council.  
Jewish Welfare Board.  
American Library Association.  
War Camp Community Service.  
Salvation Army.

Two-thirds of the state's quota, \$8,500,000, by this plan, has been assigned to the Greater Chicago Territory, and the remaining one-third distributed among the counties. ### ALLIED RELIEF WORK

Mrs. W. T. Scott, President of the Orleans Woman's country club has resumed the chairmanship of the Allied Relief Committee of Woman's Council of National Defense. She expects to start a campaign to raise funds for a number of fatherless children in France. A definite number has been assigned to each state and Mrs. Scott is to look after the quota for Morgan county. This will be a county wide campaign which has never been carried on before and all organizations, Sunday schools and individuals are asked to lend their support.

### CARING FOR THOSE AT HOME

A request has come for a word about the Social Service League. There is one thing dearer to our "Soldier Boys Over There" than food and raiment, knitted garments, or even victorious battles, and that is to know their dear ones at home are happy and well cared for.

But in our desire to leave nothing unthought of for our soldiers, do we not sometimes forget those who have no soldier relatives? A double deprivation is theirs, with no messages from across the seas or from nearer camps to inspire or comfort—nothing but the dull monotony of leaden care, and a helpless, hopeless future.

Who is it that takes up this heavier burden, void of all excitement, or praise for a duty just as binding?

Our soldiers must not come back to find one single home neglected or one little one left hungry or cold. Suffering follows war—that must be—but not in cities or towns free from war's dissolution and with sinking fields of bounteous crops all around.

For ours dear Miss Weller gathered comforts from the overflowing homes and bestowed them upon those who for any reason might be in need. Now her mantle has fallen upon Miss Dorsey, equally able, tender and kind. Shall we not encourage her? Shall we not bring comfort into every home that may need comforting?

Read in the Wednesday daily papers the articles of the Social Service League's organization, all of which depend upon our help.

Let us do all the other things so dear to our hearts and do this too—then shall we be helping to make our city what it was called in days long ago—"The Athens of the West."

Mary Turner Carrier.

### FORMER CONCORD MAN DIED IN MISSOURI

John Brockhouse Passed Away Last Week—Concord News Notes.

Concord, Oct. 24.—W. C. Brockhouse was called to Peculiar, Missouri, on Friday on account of the death of his brother, John Brockhouse at that place. The deceased was born near the Hickory Grove school northeast of here and was well known in this part of the county. He leaves his wife and four sons besides the brothers and sisters. One child, a little daughter, died about 1891 and she is buried in Concord cemetery. The cause of Mr. Brockhouse's death was Bright's disease.

Marion F. Henderson was a visitor in Jacksonville on Tuesday to see about having dental work done.

Mr. and Mrs. G. J. R. Wooff, who have been visiting here for some weeks, left for their home in McAllen, Texas on the Tuesday afternoon train.

Mr. and Mrs. E. M. Chrisman, of Merritt, were Sunday visitors at the home of J. E. Whorton and Mrs. Ethelyn Plank.

W. J. Edlerbach and Luther Brockhouse were in Beardstown on business on Monday.

J. M. Fox bought part of the Joy Prairie church and moved it to the south east corner of his farm for a tenant house.

H. P. Joy is having the main part of the Joy Prairie church moved to his place for a machine building.

John Alderson is having a large veranda built on the front of his home.

August Brockhouse is having a new bath room built and fitted up in good style.

Alpha Norgren has been a victim of the influenza, but is better. Also all other cases in the neighborhood are improving.

Henry Detmer suffered a broken arm while cranking his car in Clinton on Monday morning.

Howard E. Henderson is on the sick list, but is doing well.

### MISS OLIMSTED'S VISIT POSTPONED

Miss Catherine Olimsted who was to visit Jacksonville and deliver a number of lectures has been detained on account of illness. She is now well and expects to be here in about two weeks. She is now secretary of the Western Office of Public Health Nursing Organization and is at present busily occupied in supplying nurses to fight the influenza in the different cities. She will give a course of lectures to promote Child Welfare Work and will be under the direction of the Council of National Defense.
